SUMMARY

Full Stack Web Developer with a background in Architecture, Engineering, and life-long dedication to learning. Effective at using past experience from Architecture and Engineering combining creativity and engineering methodology to develop user-friendly applications. Known among staff as dependable, highly skilled, and driven individual with an unwavering attention to detail and deliverable schedules. Experience in web development tools such as HTML, CSS, Bootstrap, AWS, Google API, Rails, and JavaScript.

TECHNICAL SKILLS

Languages: JavaScript, Ruby, Ruby on Rails, Postgresql, ReactJS, CSS3, HTML, HTML5, Bootstrap, Python, SQL, JQuery

Applications: Microsoft Visual Studio Code, Sublime, Git/Github, Heroku, AutoCad, SolidWorks, Microsoft Suite, AWS, Google API, Virtual Machine, Vagrant

PROJECTS

Flixter | https://github.com/Himynameislou/louflixter | https://flixter-lou.herokuapp.com/

- Flixter is a full-stack app with the opportunity for instructors to place lessons online providing the student with freedom to learn new skills through detailed written and video lessons.
- Authorized instructors choose to volunteer or charge by lesson for students enrolled
- Developed Flixter using Ruby on Rails.
- Deployed using Heroku and Git/Github.

Splurty | https://github.com/Himynameislou/Project1 | https://splurty-luis-vegerano.herokuapp.com/

- Splurty is a full-stack app developed for the entertainment of the user.
- User can create personal quotes, generate random quotes, and view collection of quotes.
- Developed the wire-framing for the application using Ruby on Rails.
- Deployed using Heroku and Git/Github.

Mello | https://github.com/Himynameislou/louvmello | https://luisvmello.herokuapp.com/

- Mello is a full-stack app using concepts of Kanban Boards.
- Multiple user platform to encourage collaboration and task management to maximize operational productivity; can be used in a variety of industries.
- Developed using Rails and JavaScript.
- Deployed using Heroku and Git/Github.

EXPERIENCE

Intern   2004 – 2007
3Di / Parsons   San Antonio, TX
Interned as entry level draftsman. Assisted in producing architectural drawings in a team environment for the Department of Defense clientele.

Senior Draftsman and Assessor   2007 – 2019
Alpha Facilities Solutions   San Antonio, TX
Senior Draftsman supervised deliverables and design and package drawings for clients' presentations at Congressional level and municipal governments across the country. As the senior member my interactions included meetings with government officials and municipal representatives. Gained time management, quality control, and communication skills that were instrumental in completing projects for government entities. As an assessor I traveled to government installations around the globe to capture data and analyzing said data into a company database. Proficient in AutoCad, Revit, Google Earth Pro, and SolidWorks.

EDUCATION

Dec 2019	Coding bootcamp, Full Stack Web Developer	University of Texas at Austin
Aug 2016	BS Mechanical Engineering; anticipated completion; On Hiatus	University of Texas at San Antonio
May 2016	A.A.S. Engineering	Alamo Colleges
May 2016.	A.A. Architecture	Alamo Colleges
